WHAT YOU ALWAYS WANTED TO KNOW

ABOUT THE **FRENCH MAGIC SCENE**

The Fröhlich Magic Congress sets new accents. In the future, the biennial congress will place one evening under the motto of a country. Magic is international, but culturally it differs from region to region. We want to take this into account in accordance with our namesake Joseph Fröhlich, who was active in his time in bringing people together. France will be our guest in 2022.

The ingenious duo, Gaëtan Bloom and Otto Wessely, will take you to France and present music, magic, culture and culinary delights.

For the first time, the two most successful magicians of the „Crazy Horse“ in Paris will host a gala together. An evening about which we do not want to reveal too much yet - but we assure an extraordinary and unique atmosphere!

The best and most unusual artists from France will come to Bad Aussee.

Vive la France!

The evening will be accompanied by exhibitions, presentations and lots of entertaining information about our host country.

Attention! There are currently only a few congress tickets left!

So if you want to be there book quickly!
