After two sold-out conventions, Austria's National convention 2024 is breaking new magical ground, and we are presenting a brand new concept. Tried and tested things remain, but new surprises are added that you wouldn't expect to find at a magic meeting like this.

„Having visions is great, but making them happen is even better.“ (Lisz Hirn)

We continue to develop our visions with heart and soul and passion.

We have made international connections: Under the direction of **Gaston Florin**, our new artistic director, **Fernando Figueras** from Campus Magico in Madrid will be our partner for the focus „Spain“.

The „**College of Magic**“ in South Africa will be integrated into the Austrian convention as our partner in an international youth project. These are only two of our unusual novelties.

What remains, however, is the cozy atmosphere and hospitality for which we Austrians are known.

Our competition also offers some novelties with a FISM-certified professional jury, complemented by professionals.

Special prizes: Youth Prize, Audience Prize, Surprise Prize.

We refuse to accept the drastic price increases that have become commonplace. Feel free to compare us with other conventions in our class. Thanks to long-term cooperation agreements, we have been able to significantly reduce theater rentals. Our cheerful team works on a voluntary basis, so 100% of the budget goes into the program. Therefore, cheaper does not mean worse!

Youth is very dear to us. We have significantly **reduced the prices for participants up to 21 years old** and offer a special international event during the congress for young magic enthusiasts: **Austrian Youth Summit** – Magic Beyond Frontiers.

Four days full of joyful surprises await you – **we look forward to see you there!**
